Front-End Developer

Front-End Developer with a 4 years experiences. With a solid background in HTML, CSS, and JavaScript, I have successfully designed and implemented visually stunning and highly functional websites. I am well-versed in responsive web design and have a deep understanding of cross-browser compatibility. Additionally, I am skilled in using modern front-end frameworks such as React and Next.js to create dynamic and interactive interfaces, interested in WebGL and developed various mini projects with Three.js. With strong communication and problem-solving skills, I excel in collaborating with cross-functional teams to deliver high-quality projects within deadlines.
